Letter from M. Karamatullah Esq., I.C.S., Collector of South Kanara, Refce. C.No.7182/A.2/43 dated 9th November 1943:-

Establishment - Temporary- (South Kanara)- Maintenance work- five additional taluk surveyors and chainmen- employment-retention recommended-

The Government in their order No.Ms.2373 Rev. Dept. dated 19-10-43 were pleased to sanction the employment for a period of one year from the date of appointment of five additional taluk surveyors on Rs.28/- each a month and five additional chainmen on Rs.12/- each a month to attend to maintenance work in the five taluks of Udipi, Karkal, Kasargo Puttur and Mangalore. The dates on which the additional taluk surveyors were entertained are furnished below:-

Udipi from	10-1-1943.
Karkal from	1-4-1943
Puttur "	4-3-1943.
Kasargod "	4-5-1943.
Mangalore	16-1-1943.

2. Statements showing the current maintenance work (average fo 5 years) and the balance of work outstanding in the various taluks o 1-9-1943 are enclosed. Though the work in Karkal taluk is the least compared with the others, there are many new fields to be formed in darkhast cases and the additional surveyor will have sufficient work Though the ban on assignments is in force, the ban on assignment of kumki lands has since been removed. There will therefore be no appreciable reduction in the work of the surveyors. The work in the Puttur Taluk which is extensive and hilly will require the services of two additional taluk surveyors as against one now working. I is therefore proposed to divert one of the additional taluk surveyor working in lighter taluks to Puttur for some time to reduce the pendency there. I therefore recommend the retention of the five addit

additional chainmen till 31-3-1945.

Statement showing the balance of work outstanding in the Taluks of South Kanara Dt. on 1-9-43.
